Career Objective

As an ambitious B.Tech graduate in Computer Science from Chandigarh University, I am deeply passionate about Web Development and Software Development. I am eager to apply my knowledge and skills in these areas. I am actively seeking opportunities where I can leverage my strong analytical skills, creativity, and technical knowledge to contribute meaningfully to projects. Furthermore, I am committed to consistently delivering high-quality work, continuously expanding my expertise by learning new technologies, and fostering collaboration with team members to drive innovation and achieve our shared goals.
